

Healthy Climate®

Indoor Air Quality Solutions

HC16

Innovation in whole-home filtration

Healthy Climate® 16 Media Air Cleaner

Provides whole-home filtration for optimal home comfort and air quality, with no additional power source

One product controls particles throughout every room of the home

MERV 16* ratings for near-perfect filtration performance

Clean Air Delivery Rate (CADR) value of 1900** for highly efficient removal of dust, smoke and pollen

No ozone emissions, a known lung irritant

Compatible with your HVAC systems

WARRANTY***

5-year limited warranty on covered components.

*The MERV (Minimum Efficiency Reporting Value) rating of a filter describes the size of the holes in the filter that allow air to pass through. The higher the MERV rating (categories range from 1 to 16), the smaller the holes in the filter, the better the filtration.

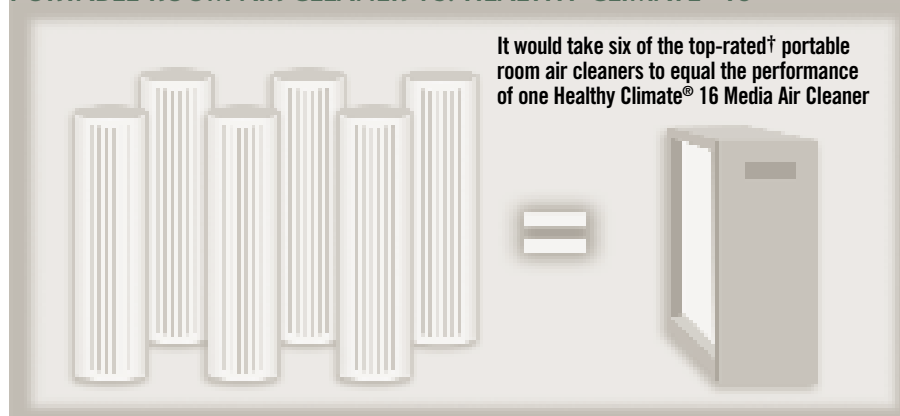

**The Clean Air Delivery Rate (CADR) represents the cubic feet of clean air produced per minute.

***Applies to residential applications only. See actual warranty certificate for details.

INNOVATION IN FILTRATION FOR A CLEANER, HEALTHIER HOME

You can count on the Healthy Climate® 16 media air cleaner for superior results. Unlike portable filtration units that only solve part of the problem (one room at a time), the HC16 addresses the whole problem. Designed to work with your heating and cooling system, it installs easily into your ductwork and delivers cleaner, fresher air throughout the entire home, **capturing up to 95% of fine particles**—allergy-aggravating irritants that are easily inhaled deep into the lungs.

PORTABLE ROOM AIR CLEANER VS. HEALTHY CLIMATE® 16

†Leading consumer magazine, May 2005.

Based on the published CADR (Clean Air Delivery Rate) which is a standardized measurement system to determine the cubic feet of clean air produced per minute.

Healthy Climate® 16 Media Air Cleaner

- ◆ Highest-efficiency in-line cartridge media filter (MERV 16/CADR 1900)
- ◆ The filter removes a minimum of 95% of circulated dust and other particles from 0.3 micron†† and up
- ◆ The filter removes a minimum of 95% of mold spores and other bioaerosols from 0.3 micron†† and up
- ◆ Metal door with foam insulation
- ◆ New 7" SlimLine™ cabinet allows for installation in even the tightest applications
- ◆ No cleaning required
- ◆ No additional power source required
- ◆ Cartridge slides out for quick and easy replacement
- ◆ Cartridge lasts up to 1 year†††

††One micron = 1/25,000 of an inch in diameter.

†††As with any filtration product, replacement life cycle depends on the individual conditions and needs of your home.
